

M13-0287 J. Hlusko / D. Bower

Be it resolved that effective in the 2014-2015 school year the Halton District School Board:

d) All elementary schools that offer Grade 1 programming must host a Grade 1 Information Evening that includes information about English program, FI program and Special Education placements. If the home school does not offer FI, the school their students would be directed to for FI cannot host their Grade 1 Information Evening at the same time. The Special Education presentation is to be scripted by the Board's Special Education department, to include a description of all elementary Special Education placements. **Carried.**

HDSB Elementary School websites containing Grade One Information

Yellow = Some information is listed = passing grade

Green = Welcome to Grade One* document available for download = A+

Blue = no information listed OR biased information favouring FI only = failing grade

24 Primary Core French pilot

19 schools

5 schools

59 schools

16 schools no info

*It should be noted that the **Welcome to Grade One** document provided by HDSB does not appear to include The Special Education Presentation script as per the Motion above.
